The Mamaroneck Schools Foundation was established in 1996 as a not-for-profit philanthropic organization.

The Mamaroneck Schools Foundation's mission is to enhance the quality of public education in Larchmont and Mamaroneck by engaging the support and energy of educators, citizens, community groups, parents, students and alumni to raise funds for the awarding of grants that will:

- Strengthen and enrich the curriculum by serving as a catalyst for the development and promotion of innovative and meaningful programs
- Support additional training for faculty members and enhance the educational resources available to them
- Provide financial assistance for special school facilities and equipment

The Foundation is a fully independent organization and is not a part of the Mamaroneck Union Free School District, the School Board or the Administration of any school

FOUNDATION OBJECTIVES

The Foundation has defined five objectives to guide its work. They are as follows:

- Encourage involvement of parents and other local citizens in the community in preserving and improving the quality of education;

The amount of funds available for grants varies from year to year. Individual grants typically range in size from a minimum of \$1,500 up to \$50,000. Awards are made in the spring of an academic year with expected use of the funds by June of the following academic year. Should an extension past June be desired, approval from the Foundation must be obtained by May 15th of the current academic year.

4. APPLICATION PROCESS

All grant requests will be reviewed by the Grants Selection Committee, a panel consisting of members of the past and present Board of Directors of the Foundation. The Committee will consist of individuals who have knowledge of the schools in the District. Should the committee need special expertise (i.e. technology experts, special educators, etc.) it will consult with all necessary persons so that the most informed decision can be made.

The Mamaroneck Schools Foundation will accept grant requests from September to early December each year. Applicants must use the current grant application available on the website. Subsequent to the submission of proposals, the Grants Selection Committee may ask for written clarification, or modification, of the applications or for a meeting with the applicant.

The Grants Selection Committee may choose to fund specific components of a grant request and not the entire grant. It may also choose to fund less, or more money for a particular grant than initially requested. It is understood that such awards are intended to be applied to programs beginning the following school year.

In February the Grants Selection Committee will present its recommendation of which proposals to fund and in what amounts to the Foundation's Board of Directors for its approval. In compliance with state law these grants decisions will be presented to the School Board for authorization. The announcement of awards will be made in March, and the distribution of funds will be made according to the needs of each grantee.

Grant recipients will be required to sign a Grant Agreement, which includes a budget and Grant Objectives and Deliverables. Failure to comply with agreed upon Objectives and Deliverables will result in a forfeiture of the Grant. Grant recipients will also be required to submit two follow-up reports on the progress of their programs over the following year.
