

What originally began as a pilot program last spring has blossomed into a successful after-school monthly event for Mamaroneck High School students.

Last week's "Teen Café" program kicked off with tap dancing, zumba, ping-pong, Dance Dance Revolution and Wii challenge games for over 90 students during the 2 hour program. The after school café is a collaborative effort between MHS staff, RADAR, the Rye YMCA, and MHS students who are directly involved in planning each month's event. Future plans include live music by local teen bands, poetry slam contests, and outdoor activities. Pizza, snacks and drinks are provided by local businesses and sponsors.

# MHS Teen Café an after-school hit
